

**Notice for BNSF Employees Under United Healthcare:
Regarding St. Elizabeth's Hospital at Lincoln/Havelock**

BNSF employees at Lincoln/Havelock were recently notified that United Healthcare may terminate its contract with St. Elizabeth's Hospital Aug. 31, 2008.

As of Friday, Aug. 22, the hospital and insurance company are still in negotiations. BNSF is monitoring this and will provide a status update early next week.

As info, negotiations between healthcare providers and insurance companies are typical. Most of these negotiations settle before the contract's expiration with no impact to the insured.

If the negotiations are unsuccessful, BNSF will do everything it can to assure that our employees do not have a lapse in coverage.
